

Heritage Academy Summer Program 2022

MIT App Inventor ~ Instructor: Mr. Lynn Owen

Middle School & High Schoolers; Age of Campers: 9-18

Week 1: June 13-17; Hours: 9am-12pm; Cost for Week: \$200; Maximum Camp Size: 14 Students

The students will create apps that they will be able to use on their laptops and smartphones. They will be coding every day of the camp. No coding experience is required.

Intro to Web Design ~ Instructor: Mr. Lynn Owen

Middle School & High Schoolers; Age of Campers: 9-18

Week 1: June 13-17; Hours: 1:30pm-4:30pm; Cost for Week: \$200; Maximum Camp Size: 14 Students

The students will learn how to code with HTML and CSS to create webpages. They will be working on their webpages every day of the camp. No coding experience is required.

Leadership Institute ~ Instructor: Mr. Bill Moss

High Schoolers; Age of Campers: 13-18

Week 1: July 11-15; Hours: 9am-12pm; Cost for Week: \$400; Maximum Camp Size: 14 Students

This five-day session is designed to bring to the young adult the fundamentals of personal leadership including building self-confidence, decision-making, critical thinking, time management and emotional intelligence among a variety of additional traits associated with good leaders. The Wiley & Sons highly acclaimed DISC program will be used to identify the student's individual characteristics associated with teamwork. Each attendee will receive a copy of the newly published text *LEAD ON!* which is incorporated into the course. All students will have the opportunity to lead a team in real-life exercise during the program. This experience should leave the student with the exception one will have developed a strong sense of independence and possess the capability to be a leader among peers.

Marine Biology of HHI ~ Instructor: Mr. Michael Sanz

High Schoolers; Age of Campers: 13-18

Week 1: July 18-22; Hours: 9am-3pm; Cost for Week: \$260; Maximum Camp Size: 14 Students

Do you love the ocean and the marvelous animals that call the sea their home? Do you love learning while you're getting wet and muddy? Then this Marine Biology program is for you. Activities will include kayaking in Broad Creek, tackling the tidal river at Folly Field, crabbing in the back waters, bird photography on Pinckney Island, and plodding through the plough mud of Mitchellville Beach. The team will spend an evening on the beach investigating nocturnal crustaceans, mesmerized by bioluminescent dinoflagellates, and connecting constellations to historic voyages. Combine these events with beachcombing, turtle nest studies, salt-water testing, dolphin observations, forensic investigations, and this will be an unforgettable adventure. Come join us to breath in fresh salty air, learn a lot, and have some great fun! BRING A BAG LUNCH.

Marine Biology of HHI ~ Instructor: Mr. Michael Sanz

Middle Schoolers; Age of Campers: 9-13; Maximum Camp Size: 14 Students

Week 1: July 4-8; Week 2: July 11-15; Week 3: July 25-29; Hours: 9:00am-3:00pm; Cost for Week: \$260

Do you love the ocean and the marvelous animals that call the sea their home? Do you love learning while you're getting wet and muddy? Then this Marine Biology program is for you. Daily activities include crabbing in the creeks, identifying beautiful birds of the Low Country, kayaking the creeks, tackling the tidal river at Folly Field, dolphin watches, and mud-crawls through the Mitchellville Beach plough mud. Combine these events with sea turtle nest discoveries, tide pooling, alligator interactions, and building a boat. We're going to learn a lot and have a blast! BRING A BAG LUNCH.

The Drawing Studio – Instructor: Mr. Michael Neiderer

Middle School & High Schoolers; Age of Campers 9-18; Max camp size: 14 students

Week 1: June 13 – 17 (tentative) Week 2: July 11-15; Hours: 9am-11am; Cost for week: \$375

The students will learn drawing techniques such as perspective, light, shadow, proportion, scale, blending, and more. The students will get and immersive hands-on experience drawing everything from still life, landscape, urbanscape, nature, portrait and more.
